Waitakere Ranges
Protection Society Inc

Petition from the New Zealand Public for:

Saving the Waitakere Ranges

To the House of Representatives:

We urge the House of Representatives to call on the National Government to:

- retain the legal requirement that the Auckland Council holds the Ranges in perpetuity as a scenic park and as a memorial celebrating the completion of 100 years of settlement and progress of Auckland City,
- require any future planning documents and policies, including the proposed Spatial Plan, to recognise and respect the protection given to the Ranges by the Waitakere Ranges Heritage Area Act 2008.
